SIR

I have the honour to inform you that the present building of the Anglo-Vernacular School, Doddballapur for which an extension has been sanctioned at an estimated cost of Rs 2790/- by Government order No 7946-7 Ed 7 19-96 dated the 11th January 1900 requires improvements and repairs. The Deputy Inspector of Schools, Bangalore is of opinion that it is necessary to cover the roof of the old building with Mangalore tiles instead of with pot tiles and to pave the floors of all

the rooms are at with Cuddapah slabs as will be done in the case of the new extension. These improvements appear to me to be necessary to make the whole building uniform. To provide for Mangalore tiled roofing in the old building new teak wood work will be required. In addition to these improvements other minor repairs and improvements also will be required for the old building. The cost of improving and repairing the old building is estimated at Rs 1169/- inclusive of the D.P.W. establishment charges in accordance with an estimate prepared by the Executive Engineer, Bangalore Division. I request that Government may be pleased to sanction the estimated amount of Rs 1169/- from the provision allotted for "Taluk School Buildings" in the Educational State Funds Budget for the current official
